**REFLECTIONS
OF
H.H.S.**

The student has in his books
the ruins of an antique world
and the glories of a modern
one.

The calm
before the storm.

Through the halls, out of
the doors, and into tomorrow.

I heard the wind among the trees
playing the celestial symphonies.

Foremost in the minds of the students who have left H.H.S. is the unforgettable beauty of nature — the beauty that surrounds us every day.

Nothing is rich but the
inexhaustible wealth of nature.

There's beauty all around our paths

I think that I shall never see
a poem lovely as a tree

The road to wisdom is often dark and shadowed

So sweetly H H S. bade me adieu.

I thought that she bade me return

The pictures on this page were taken by J. R. Elliott

We students of H.H.S. consider our campus the most beautiful in the state. Whether in fall, winter, or spring the campus remains a spectacle of beauty with Mother Nature's care. She paints it with brilliant reds, oranges, and yellows in fall. In winter she sprinkles us with pure and sparkling snowflakes. Springtime brings a rebirth of luxurious pastels. No matter what the season, Mother Nature gives us her best.

DEDICATION

1962

Mr. Don Beane, Unit Superintendent, holds one of the most respected jobs in the community. He possesses democratic ideals, executive ability, inexhaustible patience, friendliness, enthusiasm, and above all, leadership. These essential qualities are only a portion of those required for a person to manage a unit district.

Mr. Beane not only runs our school efficiently, but also takes a personal interest in every boy and girl that attends H.H.S. It is a pleasure, Mr. Beane, to have you as our administrator.

BOARD OF EDUCATION

To the seven men on the Board of Education, the students at Hillsboro High School say, "Thanks." These men give freely of their time, in order to better the educational program of our unit district. They see to it that our schools are in "top notch" condition, and the best possible teachers and administrators are appointed. We truly appreciate the many things they have done

HOMECOMING

1961

With excitement in the air, the annual homecoming festivities began this year with the parade and bonfire on Thursday night. In the parade were the football players, the queen candidates, the band, and the cheerleaders leading the student body. The parade ended at Sawyer Field, where there was a pep rally around a roaring bonfire.

The pre-game ceremonies were started Friday night with a parade of the queen candidates in convertibles around the football field. The 1961 Homecoming Queen, Kay Linxwiler, and her court were introduced to the crowd. The game with Taylorville was started with the presentation of the football to the team captains by Queen Kay. The game was a success, as the Hiltoppers won over the Tornadoes, 20—13, to remain undefeated for the season.

The victory over Taylorville put students in high spirits for the Homecoming Dance held directly after the game in the new gym.

The gym was decorated with traditional orange and black crepe paper, a huge stuffed football, and caricatures of the senior members of the football team. Music by Bill Berutti and his band floated throughout the gym. At 11 o'clock was the coronation. After fanfare for each queen candidate was played, our foreign ex-change student, Hank Van der Werff, introduced the girl and her escort. The coronation was ended by the crowning of the 1961 Homecoming Queen, Kay Linxwiler.

HILTOP VARSITY BASKETBALL

This season was not, perhaps, as successful as we would have liked to have it; nevertheless, our team showed the sportsmanship and competitive competition that is well known at Hillsboro High School. The season's record of 8 wins and 10 losses tells little of how the boys played. They were always in good condition and ready to play their best.

Coach Horst and his boys deserve a lot of credit for a fine season.

JUNIOR VARSITY BASKETBALL

The Junior Varsity squad, coached by Mr. Hart and his assistant Mr. Babel, had a successful season with twelve wins and six losses. The team gained experience with each win, as well as each loss. This knowledge and experience will prepare them for varsity ball, which they are looking forward to with high hopes.

They always held high their code of sportsmanship. Freshman basketball also gave these boys a good background for the Varsity teams later on.

April meant spring, spring meant baseball and baseball meant work and fun for Coach Hart and his squad. There was plenty of action and excitement as the Hiltoppers played top-notch ball, trying to "swing" their way to a conference championship. Due to the condition of the baseball field, the early season games had to be out of town. Nevertheless, the season ended with a record of 6 wins and 4 losses.

HONOR'S DAY

On May 3 seventeen seniors and nine juniors were given special recognition on Honor's Day. Dr. Caine, President of Illinois College in Jacksonville, was the speaker. He gave some interesting facts about education. To be a member of the Senior Honor Group a student must maintain a 4.5 average for seven semesters. A junior must have a 4.75 average for five semesters. The members of the Junior Honor Group were Helen Carter, Linda Fuller, Kenneth Ginos, John Hanke, Mary Lou Hicks, Larry Laughlin, Marlyn Lentz, Marvin Traylor, and Bob Whitworth.

FOREIGN EXCHANGE STUDENT

I am very glad to have the opportunity to thank Mr. Beane, Mr. Tuthill, teachers, and pupils of the Hillsboro High School for everything they have done for me in the past year.

It has certainly been the most wonderful year I ever spent in school, and I will never forget the many fine experiences I had this year.

Probably most of all I enjoyed the extra-curricular activities, because I think they make a school year more than just a year of studying. It is especially in these activities in which I made friends. I can assure you that I am very proud of having been a pupil of H.H.S., and I probably was one of the few students, if not the only one, who was not very happy when school was over!

I hope that Hillsboro will continue the exchange program, because I am sure that every exchange-student who will attend H.H.S. will have a wonderful year.

SENIOR-JUNIOR PARTY

The Senior-Junior Party was held on December 9, 1961. The theme of "Sleigh Ride Fantasy" was carried out by a large blue sleigh set against a snow-covered hill. A glittering Christmas tree was the center of attraction.

The seniors entertained the juniors the first hour with some "zany" skits. Then it was into the Christmas spirit and an evening of dancing.

and what is Christmas without the tree?

WINTER FORMAL

The G.A.A. and F.H.A. once again sponsored the Winter Formal. Pink and white crepe paper changed the gym from a physical education class room to a romantic French cafe. A large champagne bottle and glass on the north wall and a stuffed champagne bottle in the center of the floor completed the atmosphere for the theme "Pink Champagne." Refreshments were served by the F.H.A., and then an evening of dancing was enjoyed by everyone.

Tulip Time In Holland

JUNIOR- SENIOR PROM

On Saturday evening, May 1, the Junior-Senior Prom was held at the Junior-Senior Prom. A stately wooden stage with a large as the center stage and a Dutch scene as the back-
drop completed the atmosphere to "Tulip Time in Holland."

At 8 o'clock was the crowning of the queen and king, Judy Elmore and Floyd Lentz, by Guy

Refreshments of punch and cookies were served by the sophomore girls. The refreshment room was also decorated like a Dutch country side.

Musical 'The Red Mill'

The Red Mill

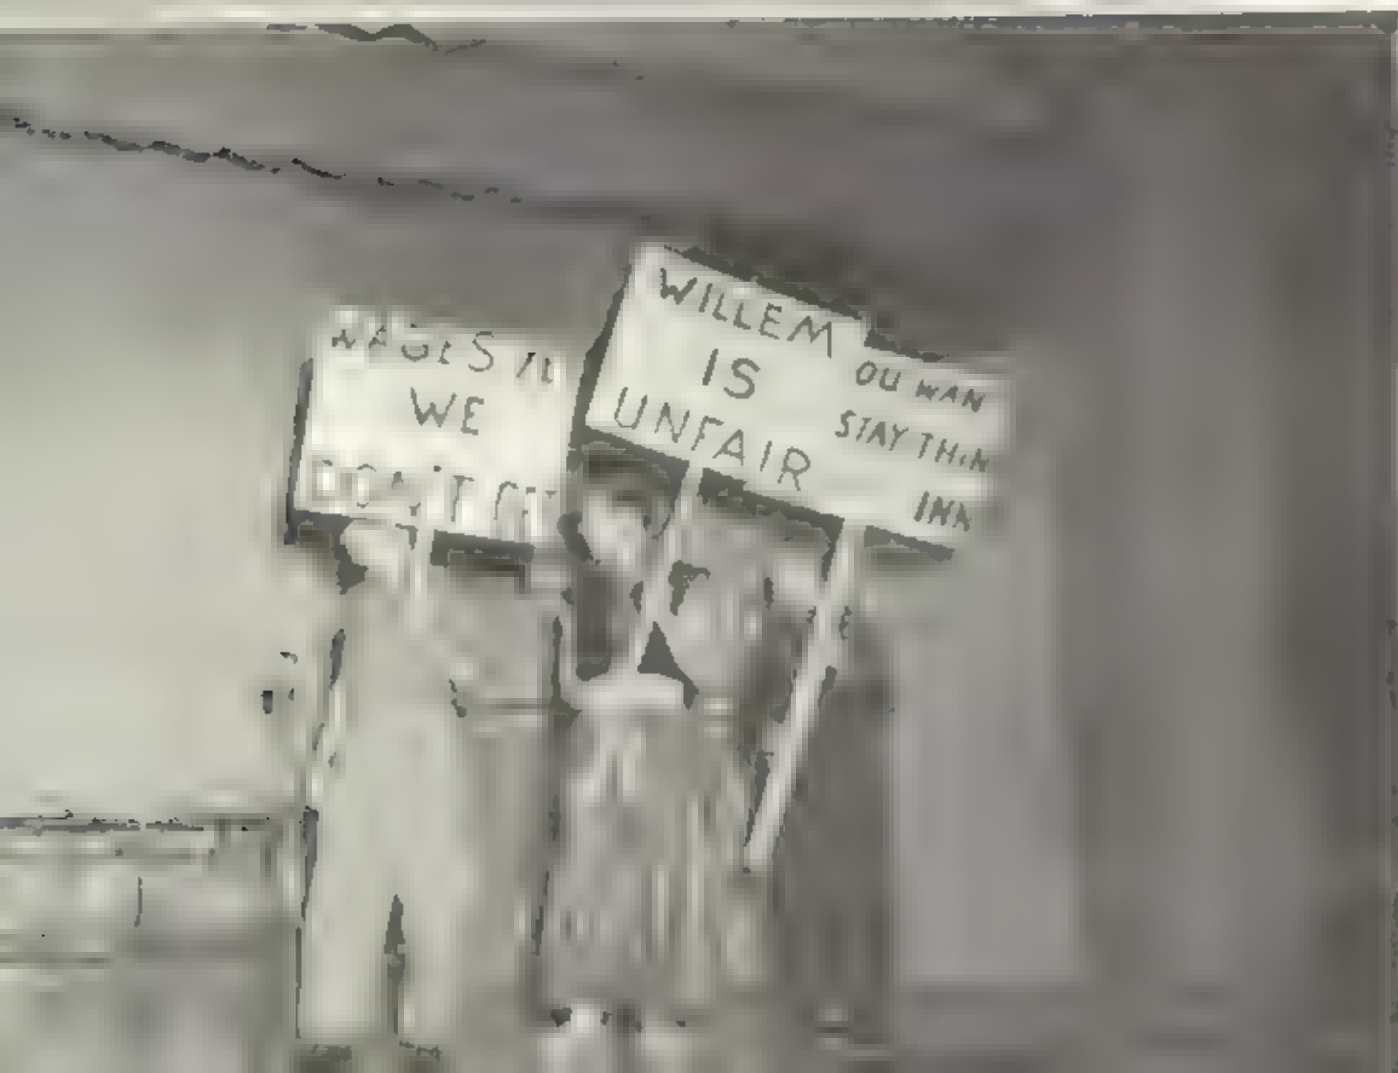

The chorus under the direction of Mrs. Bernard Rapp, this year presented as its operetta "The Red Mill" by Victor Herbert. The Red Mill was a haunted tourist attraction in Holland where Gretchen had to avoid being married to the Governor of Zealand. Later she was locked in by her father to keep her from leaving. Two Americans, Con Kidder and Kid Conner, help Gretchen to escape. Disguised as Sherlock Holmes and Dr. Watson, they are hired by Gretchen's father to try to solve the mystery of who helped Gretchen escape from the mill. All ends well with Gretchen marrying Hendrick, the one she loves.

On May 11, the Senior Class presented "Eighteenth Summer."

Molly's cousin, Jeannine, who is spending the summer with Molly's family, causes many disturbances among Molly's friends. Molly takes it upon herself to try to adjust Jeannine to the surroundings, but

This is the first time I've ever seen you with a coat on, Buddy

Who needs suits?"

I felt I had to tell someone

Jeannine has ideas of her own. The teenagers, in the end, realize that the adult world is difficult, but much more practical to live in.

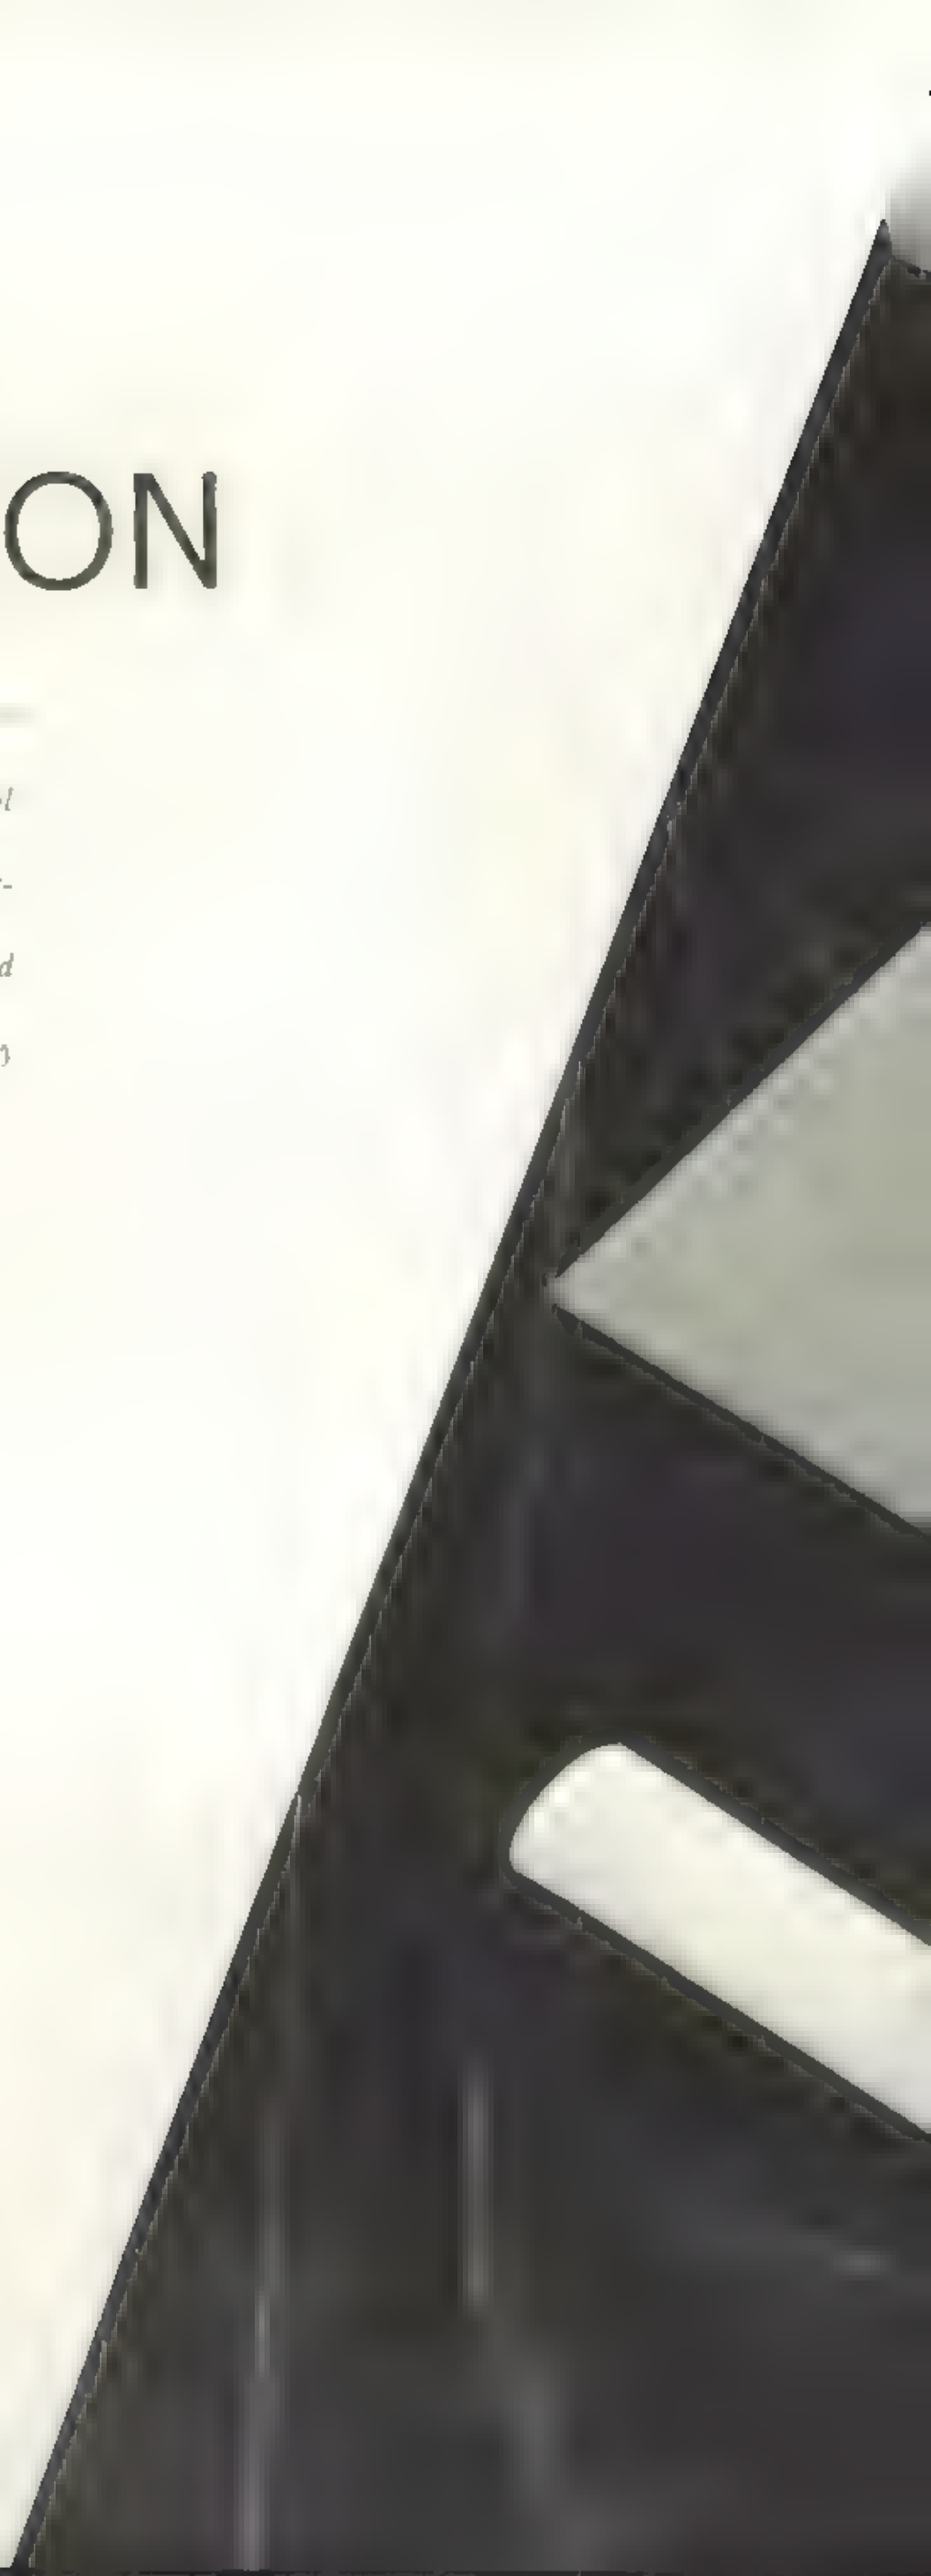

Under the direction of Mrs. Alice Neylon, who was assisted by Carolyn Mazzier, the cast presented an outstanding performance. There was a lot of work put in on the play, not only by the cast, but also by the behind-the-scene help.

Hey, guess what?

GRADUATION

GRADUATION

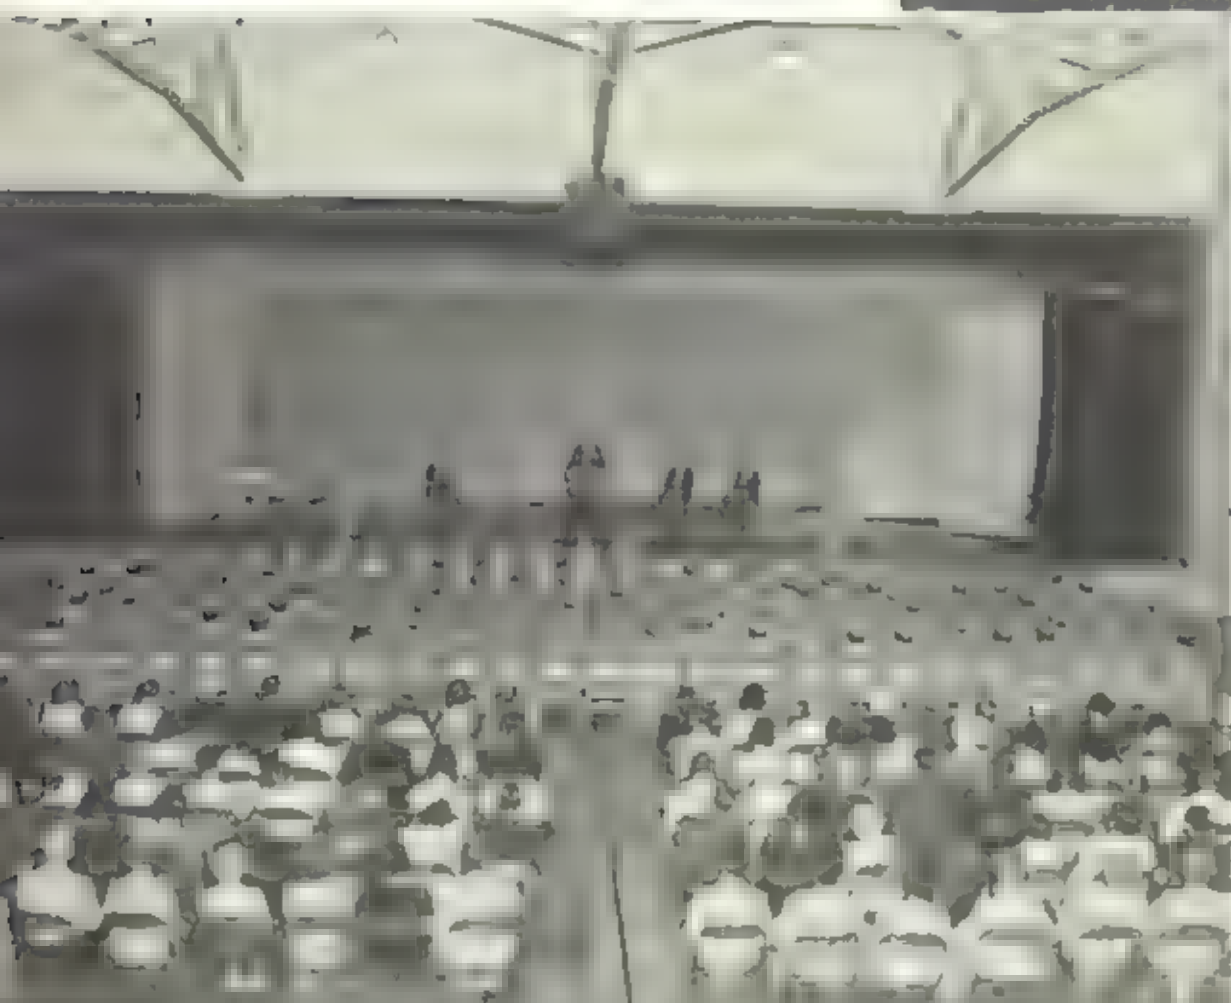

The Commencement Exercises of the Class of 1962 were held Thursday, May 24, 1962, at 8:00 P.M. in the Hillsboro High School Gymnasium. The Reverend R. C. Kruschwitz gave the invocation which was followed by "Autumn Echoes" a trumpet duet by David Dobrnic and Ronnie Skarsen. Stressing crises, opportunities, and success, Dr. Lloyd Bertholf, President of Illinois Wesleyan University, presented a very fine address. The Senior Chorus members appropriately punctuated his speech with the musical number — "America Our Heritage." As the class was presented to Mr. Beane by Mr. Tuthill, the President of the Board of Education, Mr. William Purcell, handed the 121 members of the Class of 1962 their well deserved diplomas! The occasion was ended with the benediction by Rev Khurchwitz.

We, the Seniors of 1962, claim we are glad to leave behind the crowded halls and guided teachings, but when we are questioned in private, it is found that we are not always ready to leap into the Future. Certainly we will "take the medicine" the Future holds for us, but the memories H.H.S. has provided for us will help soften the blow of adulthood.

So, Class of 1963, we leave you the position of Seniors—dedicate yourselves to hard work with a little pleasure now and then, and you will know of the wonderful experiences that we hate to leave at H.H.S.!

1962 CLASS PROPHECY

The year is now 1987, the silver anniversary of the Hillsboro High School class of 1962. We are gathered on the high school campus for a luncheon and reminiscence of what happened to the members of our class.

After getting plenty of practice while "mashing potatoes" and "twisting" Ethel Jean Adams now makes wine.

David Atterberry is a playboy in Hollywood where he still makes his daily first hour pick-up.

Gerald R. Bauer is now a great track star. He just broke the world's record for the mile by running it in one minute flat! Well, and why not? Ever since he started taking those DB Vitamin Pills manufactured by David Barker, nobody has been able to stop him.

John Barnes became a great clarinetist and has travelled to every corner of the world. But, he's still waiting for someone to ask him to play, so he can show them how good he is!

Maurice Belcher was a great scientist, but he's no longer with us. One day he was working on a rocket, and it took off with him. No one has seen him since.

Ever since he won the title of "Mr. Legs," we knew Ronnie Berton would go far. He's now dancing in a burlesque show. Oh, and by the way, he's still unmarried because he hasn't found his type of girl yet.

Richard Betterton has finally reached fame as a big league baseball player. Can we ever forget his famous words, "Where's right field?"

Maurice Blackburn, better known as "Mo," and Jim Kimbro became so fond of selling Mr. Warmann's apples that they now have an apple farm in Washington. Jim, so I have heard, makes their cider while Mo sees the sights, namely the girls.

Lonnie Caulk has found his fame as a T.V. star. He plays the *Before* part of a shaving commercial.

David White found employment with the General Motors test driving the new cars.

Harold Reynolds spent so much money getting married and divorced that he finally became a judge to save the money.

Charley Roberts has made a fortune by inventing a tonic to ~~make hair which is called H and C Hair Tonic~~

Dan Saathoff is now modeling hair styles for men. Oh, you might like to know, his hair is now black!

Don Sellers is still carrying his brief case around after 31 years. Now, instead of carrying books, he carries "Anti-Chicken Fat Liniment," which was invented by Janet Roberts. She reached down one morning to touch her toes, and now she walks on all fours.

Couldn't you have guessed? Jim Russel has replaced Arthur Murray. Kathryn's also been replaced by Carolyn Mazzier.

Marie Rutherford, under Miss Cairn's influence, has become a gym instructor. She now teaches modern dance all year long.

Nelson Schoen gave up his business to make a hit in show business. He did all right, because he's janitor and chief door keeper at a big night club.

Jean Root is still slinging hash. But, now she's slinging it for her husband and 15 kids.

Conda Tomevi has now become a fat-lady in a circus.

Charlie Bohmer's here and he's still got his pipe he had in his high school days, except during track season.

There's Mary Campbell, Martha Vallbracht, and Sherri Vogel. They have formed a singing and dancing trio called The Happy Three. By the way, why are you all so happy?

Gary Traylor can't be with us tonight because of an accident at his pool hall; a customer raked him up. Sorry Gary!

Helen Bourdounis still has her desire for men who appear older, the bald type.

Billy Warren and LeRoy Watson are famous for their riding. Billy is a successful rodeo star and LeRoy thrills everybody at the motorcycle races.

Ronnie Brohammer has graduated from the Hiltop editor to the editor of Playboy's Yearbook.

Nancy Elam is now teaching P. E. at H. H. S. since Miss Cairns retired. Miss Cairns still runs two laps a day to keep in shape. Nancy still hits the bottle pretty hard, peroxide bottle that is!

David Compton finally broke 300, that is, in his weight lifting. He is set to wrestle Buddy Rodgers, Jr. next week end. Good luck!

Janet Lynn Dykema, hum that sounds like a good American name. Janet became a registered nurse, but suddenly gave up her professional career to be the private-private nurse and permanent house keeper for Prof. Laughlin. It seems the Professor was quite anemic and she felt it was her duty.

Ronnie Boyd has graduated from drag racing cars to flying the hottest thing in airplanes.

There's Mike White. His achievements have been indescribable. At least I wouldn't attempt to describe them to a mixed audience.

There's Richard Butler, the president of Butler's Brewery. He spends all of the money he makes on his hobbies, girls and well, what else is there?

Eleanor Cozzello finally decided what color hair she likes best. She is now a gray, greenish, blondish, platinum.

David Dobrinic is now playing first hair trumpet in the New York Philharmonic Symphony. Oh, yes, I saw David Jr., David and Charlotte's sixteenth, trying to blow Charlotte's old clarinet.

Hank Van der Werff is here with us tonight. Instead of being here as an exchange student, he's here in his official capacity as ambassador to the U. S.

Dale Crites is now a professional playboy night club owner in Reno. He is really kicking up his heels and so are his burly — I mean his feminine employees.

Gary Gualandi, a well-known dentist, is now making the most famous false teeth. The plate has only one false tooth.

Maxine Collman is playing with our olympic basketball team, The Harem Globetrotters.

Danny Drum, well look at this, he and Kasey did get married. Charley is the signal caller of H. H. S. football team. Kelly Jill, their daughter, was queen of the 1987 Homecoming. Dan is still giving Kasey blitzers.

His honorable Tom Grantham is now the number-one "ditch-digger" of the nation. It seems that his National Merit results sure paid off while he was in high school.

Karen Eliason is now a shorthand writing champ. She has been clocked as taking shorthand at 300 words a minute with no errors! At last report she is considering writing a book entitled *The Agony and the Ecstasy of Writing Shorthand at 300 Words a Minute*.

Connie Fravala now owns her own hair coloring salon. She specializes in turning girls into straw blondes.

Well now, Darrell Garland has joined the Wringley Brother's Circus as the *Thin Man*. I've heard that Darrell and Conda have been seeing a lot of each other lately.

Richard Ellington owns his own garage in Donnellison. He can take a car apart faster than anyone in Montgomery County. The only trouble is that he doesn't know how to put it back together so it will run.

As we admire all the lovely girls here, we asked quite a few who did their hair. They replied, "Bev Speakman, of course, but it's very hard to get an appointment with her, because she's always busy cutting her husband's brothers and sisters hair."

I hear that Karen Havron is still throwing those wild "twisting" parties at Panama. She has a new member of her "twistin' band," Naomi Hancock. I wonder if this is where all the Fort Lauderdale kids go.

Everyone is becoming quiet for we are about to be entertained by that famous quartet, "The Dry-Tones." It consists of Connie McNeely bass, Patrick Marley monotone, Larry Maroney 1st soprano, and Janey May double bass. For their first selection they will sing "How Dry Was I."

I think Bill Hayen is just driving up now in that small blue-gray sports car, owned by some young miss, I mean

1962 CLASS PROPHECY

Mrs., that works for the Montgomery County Band.

Tony Flowers is now working in a restaurant in New York. He is said to be the fastest dishwasher they have ever had.

Believe it or not one of our members has become a favorite T.V. star. Roger McFarlin, better known by his screen name as Dr. Ben Casey.

Now as we look over the expectant classmates, we see Dean Garland rolling in on his championship roller skates. It seems as though he's on his way to the Roller Derby.

Deanne Fuller is now a famous fashion designer in New York. She designs clothes for girls with red hair and freckles.

Sitting in the front row are two of the most renowned physicists in the world. They are Christine McLean and Leonard Maze. They are infamous for putting on the market their latest product, instant A-Bombs.

Barbara Gaither now lives on a 1000 acre farm in Butler with her husband Dana Grantham. Their main product is little Granthams.

We see that Mr. Zimmerman just ran up to Kay Haenny to welcome her back to H. H. S. You know, she's working in St. Louis at the Grand — Ballroom. It seems like she's always missing rehearsals just like she missed school.

Tom White is a very famous scientist now. He has just succeeded in building a moon rocket that a woman can drive. This has really made him happy because now all the women and girls love him.

It seems as though we have a renowned dancer among us. It's Jerry Gifford. You see, he's now making records with Chubby Checker. Jerry does the dancing while Chubby just sings.

And here we have the famous tongue twister composers Don and Doug — Lyttaker and Loucks that is. They are going to give their most famous twister in c#. "See Stinky stick Susie with a striped stick."

ACKNOWLEDGEMENTS

The 1962 HILTOP staff dedicates this last page to the many people who have given of their time and effort so freely.

We want to thank John Strain who made many helpful trips to see that our yearbook was in tip-top shape before going to press.

We also want to thank our photographers — Rembrandt Studio from St. Louis, J. R. Elliott, and especially Mrs. Dan Hoover for their excellent work and fast service.

The teachers and coaches of HHS. also deserve a word of thanks. More than once we interrupted their busy work schedule.

And in closing we want to say thank you to Mr. Hicks Cornett who gives advice and aid, that can possibly be needed for a good yearbook, so generously
